
AGREEMENT BETWEEN
BUILDING CONTRACTORS ASSOCIATION OF NEW JERSEY
OTHER SIGNATORY EMPLOYERS

-and-

LOCAL UNION NOS. 4 & 5
OF THE
INTERNATIONAL UNION OF
BRICKLAYERS AND ALLIED CRAFTWORKERS

November 1, 1999 through October 31, 2002

**AGREEMENT BETWEEN
BUILDING CONTRACTORS ASSOCIATION OF NEW JERSEY
OTHER SIGNATORY EMPLOYERS
-and-
LOCAL UNION NOS. 4 & 5
OF THE INTERNATIONAL UNION OF BRICKLAYERS AND ALLIED
CRAFTWORKERS**

**ARTICLE I
PARTIES**

This Agreement is entered into this *first day of November 1999*, by and between the Building Contractors Association of New Jersey, (hereinafter referred to as the Association), for and on behalf of its members as set forth in Schedule "A" attached hereto and other contractors who are signatory hereto or who may become signatory hereto (hereinafter referred to as the Employer), and the INTERNATIONAL UNION OF BRICKLAYERS AND ALLIED CRAFTWORKERS LOCAL UNION NOS. 4 & 5 (hereinafter referred to as the Union).

The Association agrees to furnish to the Union a list of all members of the Association denoting those members bound to the terms of this Agreement, the honorary members, independent members, and any other classes or groups of members.

**ARTICLE II
DURATION - TERMINATION - AMENDMENT**

This Agreement shall be effective commencing *November 1st, 1999* and shall continue in full force and effect up to and including *October 31, 2002*, and shall be automatically continued for each successive period of this Collective Bargaining Agreement unless written notice of decision to negotiate a new Agreement in whole or in part, is given in writing by either party to the other not later than sixty (60) days nor more than ninety (90) days prior to the expiration date or any anniversary date thereafter. If the parties fail to reach an agreement in such negotiations, the issues in dispute shall be submitted to the International Masonry Institute's Dispute Settlement Plan for such steps as are deemed appropriate in accordance with the procedures of the Plan. The parties may at any time mutually agree to change or amend any part of this Agreement and such changes or modifications shall not affect the continuing nature of this Agreement.

**ARTICLE III
SCOPE OF WORK**

- A. This Agreement shall cover new construction, maintenance, repair and renovation in the State of New Jersey.

- B. The Employers bound hereby recognize the Union's claim to all work falling within the jurisdiction of the Union, as defined in Branches of the Trade, Code 1 of the Constitution, Rules of Order and Codes of the International Union of Bricklayers and Allied Craftworkers which is incorporated herein by reference.
- C. The installation of Brick and all other masonry units such as blocks, etc., with or without mortar, anywhere on the project shall be the work of Bricklayers & Allied Craftworkers of International Union, Local Nos. 4 & 5.
- D. Temporary heat, applicable to all branches of the trade, to protect any Masonry work performed and shall include all masonry materials all year, especially in the winter months (November 15th through March 15th).

Brick Masonry

- A. Bricklaying masonry shall consist of, but not limited to, the following work procedures and installation of the following materials: The laying of bricks made from any material in, under or upon any structure or form of work where bricks are used, whether in the ground, or over its surface, or beneath water, in commercial buildings, rolling mills, iron works, blasts or smelter furnaces, lime or brick kilns, in mines or fortifications and in all underground work, such as sewers, telegraphy, electric and telephone conduits; including the installation of substitutes for brick such as all carbon materials, Karbate, Impervite or mixtures, all acid resistant materials, all terra cotta and porcelain materials, except where the foregoing materials are manufactured to substitute for tile as provided for under the category of Section 8, C of the Codes of the International Union of Bricklayers and Allied Craftworkers. All cutting of joints, pointing, cleaning and cutting brick walls, fireproofing, block, arching terra cotta cutting and setting, the laying and cutting of all tile, plaster, mineral wool, cork, blocks and glass masonry or any substitutes for the above material, the laying of all pipe sewers or water mains and the filling of all joints on the same when such sewers or conduits are of any vitreous material, burnt clay or cement, or any substitute material used for the above purpose, the installation of all brackets and fasteners is the work of the mason exclusively, the cutting and rubbing and grinding of all kinds of bricks and the setting of all cut-stone trimmings on brick buildings, is bricklayer's work. The preparation and erection of plastic castables or any refractory materials is bricklayer's work.
- B. Cleaning, grouting, pointing and other work necessary to achieve and complete the work under the foregoing categories, all waterproofing and black mastic waterproofing, silicone and/or substitutes sandwiched between masonry units in the interior of the wall.
- C. All terra cotta called unit tile in sizes over 6" x 12" regardless of method of installation; all quarry tile over 9"x 9" x 1 1/4" in size, split brick or quarry tile or similar material if bedded and jointed with one operation. The bedding, jointing and pointing of the above materials shall be the work of the craft installing same.

- D. All burnt clay extruded cellular products regardless of trade name or method of installation when used as a veneer on structures; all clay products known as terra cotta tile, unit tile, ceramic veneer and machine-made terra cotta and like materials in sizes larger than 6" x 12", regardless of the method of installation. Where the preponderance of material to be installed is of the above size and when material of lesser sizes is to be used in connection therewith, the bricklayers shall install all such materials. Brick paving comes under bricklayers' trade classifications. The parties acknowledge the Union's claim to screeding of sub base regardless of type of material used.
- E. Grouting of all Masonry Units, all Leveling Plates for steel columns, all machinery and Precast Panels shall apply to all branches of the trade.

Stone Masonry

- A. Stone Masonry shall consist of, but not be limited to, the following work procedures and installation of the following materials: The laying of all rip rap, rubble work with or without mortar, setting all cut stone, marble, slate or stone work (meaning as to stone, any work manufactured from such foreign or domestic products as are specified and used in the interior or on the exterior of buildings by architects, and customarily called "stone" in the trade.) Cutting all shoddies, broken ashlar or random ashlar that is roughly dressed upon the beds and joints, and range ashlar not over 10 inches in height; the dressing of all jambs, corners and ringstones that are roughly dressed upon the beds, joints or reveals and the cutting of a draft upon same for plumbing purposes only; and the cleaning, cutting of joints and pointing of stone work.
- B. This is to apply to all work in buildings, sewers, bridges, railroads, bulkheads, breakwaters, jetties, playgrounds, parks, landscaping and curbing or other public works and to all kinds of stone, particularly to the product of the locality where the work is being done. Stonemasons shall have the right to use all tools which they consider necessary in the performance of their work.
- C. Cleaning, grouting, pointing and other necessary work to achieve and complete the work under the foregoing categories.

Artificial Masonry

- A. Artificial Masonry shall consist of, but not be limited to, the following work procedures and installation of the following materials: The cutting, setting and pointing of cement blocks and all artificial stone or marble, either interior or exterior, when set by the usual custom of the stone mason and marble setter. All cement that is used for backing up external walls, the building of party walls, columns, girders, beams, floors, stairs and arches and all material substituted for the clay or natural stone products, shall be handled by employees in the bargaining unit for which the highest rate of wages shall be demanded.

- B. All artificial masonry, the cutting, setting and pointing of all concrete prefabricated slabs, regardless of dimension size, shall be the work of members of this organization, for which the regular wage scale in the jurisdiction where the work is performed shall be paid.
- C. Cutting all shoddies, broken ashlar or random ashlar that is roughly dressed upon the beds and joints, and range ashlar not over ten inches in height, the dressing of all jams, corners and ringstones, joints, or reveals and the cutting of a draft upon same for plumbing purposes only, and the cleaning, cutting of joints and pointing of stonework.
- D. This is to apply to all work on buildings, sewers, bridges, railroads or other public works, and to all kinds of stone, particularly to the products of the locality where the work is being done and the same shall be considered stone masonry.
- E. Bricklayers and stone masons shall have the right to use all tools which they consider necessary in the performance of their work.
- F. All cement that is used for parging up external walls and block units, installing reinforcing rods and door blocks, and all grouting.
- G. The building of party walls, columns, girders, beams, floors, stairs and arches. Gypstell products and cement of precast slabs on roofs or wherever used in building construction of alterations, and all material substituted for the clay or natural stone products. All wall ties and brackets used to anchor brick, block, stone or any type of masonry whether screwed or nailed is the work of the mason, as per the 1962 agreement between the B. & A.C. and Ironworkers herein incorporated by reference.
- H. The laying out and supervising of work for or by the use of any or all of the above materials shall be done by the employees covered hereunder.

Cement Masons Agreement

- A. Cement masonry shall consist of, but not be limited to, the following work procedures and installation of the following materials: The laying out, screeding and finishing of all cement, concrete, brown stone composition, mastic and gypsum materials, also for fireproofing, waterproofing, cement and composition base and vault lights.
- B. The cutting of all cement and concrete for patching and finishing; the bush hammering of all concrete when cast in place; the operation of cement gun, the nozzle and the finishing of all material applied by the guns, and the operation of the cement floor finishing machines. The cement mason shall have the right to use all tools necessary to complete his work.
- C. The operation of the Lazar Screed Machine shall be performed solely by the Cement Masons.

- D. Concrete constructions, such as buildings, bridges, elevators, smokestacks, curbs, gutters, sidewalks, street paving, alleys and roofs; laying out, setting joists, strips or screed rods for work hereinafter specified; laying and finishing of cement, wearing surfaces of basements, floor yards, driveways, areas and other surfaces where cement finish is to be laid; and where strips have to be set, or material ruled down, or surfaces finished; screening of concrete or fine stuff, asphalt or other preparations that are to be troweled, floated, darried or bull floated; troweling, floating or finishing of concrete or fire retarding material or waterproofing compound or mixtures; construction of glass vaults or sidewalks, lights, where same is set in cement; excepting the carpenter work, but including pointing, facing and finishing of surfaces after forms are removed; leveling of all fine materials for facing same; running of all cement base; cutting; patching and finishing of concrete fireproofing on walls, beams, girders and columns; cutting facing and finishing with cement of all concrete surfaces such as arches, beams, girders, walls, pile caps, piers and columns, whether done with trowel, float, gun and nozzle, bushhammer, rubbing or other process; applying cement mortar for damp-proofing, waterproofing for sanitary purposes where not over four (4) feet high whenever cementing with the floor is done in one operation; cutting of all concrete when cement finish is applied; setting of carpet pins and sockets in cement and composition brass or other metallic or wood strips when inserted in floor during the laying of same; rodding and spreading of all concrete and spreading and finishing of all top material; setting of all strips and stakes and grade; pointing, caulking and patching around all steel or metal window frames that touch concrete; handling of the vibrator machine. Washing and treating of all cement surfaces, handling of all machines, trowel machines, riding trowel machines, apparatus or equipment of any kind in connection with or to perform any of the above functions shall be the work of the cement finisher. Any signatory contractor who subcontracts sidewalks and curbs shall, in good faith, inform the subcontractor that said work is within the jurisdiction of the Bricklayers & Allied Craftworkers, Local Unions No. 4 & 5.
- E. The pouring of all concrete shall require a mason.
- F. When concrete bucket is used in conjunction with a crane, all safety precautions shall be exercised.
- G. The aligning of all bolts and the setting of all plates shall be performed by the employees covered hereunder.
- H. When flat concrete arches are poured with a crane, a hopper must be used in conjunction with a concrete bucket.
- I. On all high rise buildings an exterior scaffold for the cement masons shall be erected complete with guard rails.
- J. There shall be no cutting of cement masons crews before pull up is completed.

- K. When masons work overtime at the direction of the employer or foreman, they shall receive at least one hour's pay at the applicable overtime rate. Fractions of an hour to be considered a full hour.
- L. Overtime shall only be with the prior permission of the union and shall be equitably shared by the employees working on the job.
- M. Employees who may be required to work overtime beyond 6:00 p.m. shall be permitted to take an unpaid one-half hour meal period on the job between 6:00 p.m. and 7:00 p.m. The employer may split a crew for the dinner period.
- N. Employees discharged or laid off shall be notified and paid off one hour before such discharge or layoff. If not complied with, another hour shall be paid. The one hour notice of layoff does not apply when overtime is worked.
- O. No cement worker working alone shall use a straight edge of more than six feet in length. Where a straight edge is longer than six feet, two men shall be used on a straight edge which is between six and eleven feet in length, one additional man shall be used for every additional four feet or fraction thereof of straight edge. On power straight edges or roller-type straight edges, two men shall be utilized up to fourteen feet and one additional man shall be used for each five feet or fraction thereof.
- P. The casting and pouring of pre-cast slabs when done on the job site shall be the work of a cement mason.
- Q. Cement masons are to complete, joint and strike up their work, whether this work is done with cement or caulking compound on any other masonry material.
- R. The cement masons shall supervise the placing or pouring of all concrete. In the event there is a journeyman already working at the job site who is recognized by the Local Union as a competent cement mason, he may be assigned to such work, otherwise a cement mason shall be hired.
- S. When concrete floors are to be hand troweled, the Employer shall provide knee boards such as the type used by cement finishers to handle trowel concrete floors, such knee boards shall measure approximately 12" wide and 30" long or fraction thereof, and shall have handles.
- T. The following work shall be allotted to the cement masons only: The setting of all screeds and forms to determine the proper grade of concrete when held in place by stakes and/or spreaders shall be done by cement finishers. A screed is a strip of wood, metal, etc., used as a guide for leveling or grading a concrete floor, slab or sidewalk.
- U. Any bulkhead that is one single board in height, and that has no key attached or which is not

notched or fitted shall be set and braced or staked by cement finishers, providing same is used as a screed. The term bulkhead shall mean a form or screed erected for the purpose of separating pours of concrete.

- V. The grinding, patching and curing of all floors, the snapping of wall ties, and patching of same and setting of expansion joints.
- W. Steps, Landings, Platforms, etc. The setting of forms for steps, landings, platforms, coping, caps and curbs, except where underforms or centers are required, and the placing of all fine materials for facing same, shall be done by cement masons.
- X. Curing and dustproofing of all floors are to be done by cement masons. All epoxy, acid and latex work will be an additional \$.50 per hour above scale.
- Y. The cement mason shall have the right to use all tools necessary to complete his work. There shall be no restriction as to the use of machinery or tools.
- Z. When troweling floors with machine, changing of blades, cleaning and maintaining machine to be done by mason.
- AA. No concrete trucks, pumping machine or any other machines are to do any mixing inside any structure without proper ventilation.
- BB. Special Tools: The employer agrees to furnish the following tools for use by his employees: Respirators, goggles, boots, bull floats, brooms, brushes, power chisels, trowel machines, bushhammers, straight edges, rubber floats, rubbing stones, cover tools, special base tools and special edgers. Gloves furnished when using epoxies, acid, latex floor patching or any irritant.
- CC. All wages, waiting time and general working conditions that apply to bricklayers shall also apply to the cement mason.

Plastering

- A. Level 5 Gypsum Board Finishing is the work of Plasterers.

Level 5 finishing as specified by the Association of the Wall and Ceiling Industries International (AWCI), Ceiling and Interior Systems Construction Association (CISCSA), Gypsum Association (GA), and Painting and Decorating Contractors of America (PDCA), in their "Levels of Gypsum Board Finish Recommended Specification."

Levels Description: All joints and interior angles shall have tape embedded in joint compound and three separate coats of joint compound applied over all joints, angles, fastener

heads, and accessories. A thin skim board of joint compound, or a material manufactured especially for this purpose shall be applied to the entire surface. The surface shall be smooth and free of tool marks and ridges. Note: It is recommended that the prepared surface be coated with a primer/sealer prior to the application of finish paint. (See painting specification in this regard.)

The level of finish is recommended where gloss, semi-gloss, enamel or non-textured flat paints are specified or where severe lighting conditions occur.

This highest quality finish is the most effective method to provide a uniform surface and minimize the possibility of joint photographing and of fasteners showing through the final decoration.

The work jurisdiction of the plasterer under level 5: Gypsum board finishing shall be that which has heretofore been performed under this Agreement and is further set forth in constitution of the International Bricklayers and Allied Craftworkers of the United States and Canada. The parties agree to be bound by decisions rendered by the "Green Book" Decision of Record rendered by the Hearings Panel (March 1, 1978) under the plan for the settlement of jurisdictional disputes in the construction industry.

- B. All cement plastering, stone texture, stucco work, and pebble dash work, either exterior or interior, shall be done by plastering employees under this contract.
- C. All plastering, including plastering alterations and repairs, and all cement, caestone, acoustic or any plastic substitute or artificial or imitative composition for plain surfaces or for moldings, cornices, pilasters panels, capitals, columns, bases, keystones, brackets or centers when applied on any exterior or surface in the usual method of either plastering or stuck work shall be the work of plastering employees.
- D. All ornaments including centers, brackets, trusses and keystone shall be placed in position and pointed by plastering employees who are on the job. Cast ornamentation shall be made in a Union shop. No employee shall work on any operation where the stickling of ornamentation has been sublet.
- E. All moldings, covers, arrises, chamfers and bullnoses shall run in place wherever possible with a regular mould on proper running strips. When moldings or cornices are to be ornamented proper beds shall be run to secure same.
- F. All capitals and bases shall be run on the job if practical to do so.
- G. All templates to be used by the plasterer shall be placed in position by the plasterer.
- H. All plastering shall consist of not less than three coats as scratch, brown and finish. Before

the brown coat is applied, the scratch shall be hard and set. The brown coat shall be made true with a straight edge rod in all upright and ceiling angles: the walls and ceilings shall be properly darbied and floated to an even surface and the angles cut out. The finish coat shall be properly gauged and troweled to the required surface and all angles featheredged true. All interior or exterior plastering shall be left straight and true with rod and darby; rod and darby to be furnished by the contractor. The taping and pointing of sheetrock, compo-board, plaster-board, etc., shall be the work of the plasterer.

- I. When Sprayo-Flake or similarly applied acoustics are used the applied acoustic will take the place of the finish coat and will be applied by plastering employees.
- J. The operation of all mechanical plastering or troweling machines, pertaining to plaster and all of its substitutes, shall be the work of the plasterer.
- K. All safety precautions, goggles, shields, and masks, shall be supplied by the contractor for the health and welfare of the plastering employees operating these machines.
- L. Plastering on concrete, fireproofing, brickwork or plaster boards shall be two coat work-brown and finish.
- M. The finish coat may be omitted on cellar ceilings provided the brown coat is floated to an even surface. All EIF systems and all related work.
- N. Finishing of walls and ceilings shall not be done until the screeds, cornices or covers with which they intersect are in place.
- O. Employees shall not install metal corner beads, nor shall they work on any operation where corner beads have been used to form arrises on beams or arches or corners except door or window heads or other continuous openings not over twelve (12) feet in height.
- P. On a scaffold area of one hundred and fifty (150) square feet or over, the mortar board shall be raised 30" from the scaffold on a properly constructed stand. On a scaffold area of less than 150 square feet, the mortar board shall be raised at least 12" from the scaffold on a properly constructed stand. No mortar board shall be raised on blocking, and no mortar board or gauging board shall be more than 4'6" square.
- Q. Where beams are sixteen (16) inches or over in depth, the scaffold shall be dropped to a suitable height where the plasterers may execute their work in a proper manner.
- R. Any material applied on walls by the plasterers shall not be higher than 6'6" from the floor. Where only the walls have to be plastered, a scaffold 4 planks wide and 6' from the ceiling shall be erected on which the mortar board shall be placed and raised 12" above the scaffold. Positively no hopping planks to be permitted.

- S. There shall be a foreman plasterer on all plastering jobs. Plastering foremen shall meet the requirements for foremen as specified herein, and shall be paid as specified herein.
- T. Plastering foremen shall see that no gauging is made up later than thirty (30) minutes before 12 o'clock and thirty (30) minutes before quitting time.
- U. Plastering work, when sublet, shall be given to a subcontractor who employs employees covered under this contract.
- V. Plastering contractors shall furnish all the materials required for their work including all screed rods, cornice, rods, darbies and feather edges. No subcontractor shall contract for labor only.
- W. Synthetic Plastering Systems: The styrofoam and any other materials which is part of the system that are installed by screws, glue, masonry materials, and including Mechanical System.

Firebrick

The matters set forth in this section are applicable solely to firebrick work.

- A. On all firebrick jobs, when working with regular firebrick and lay, the bricklayers will be permitted an additional fifteen (15) minutes to wash up or twenty-five (25) minutes when working with a carbon, acid proofing, high temperature clay or any other material out of the ordinary such as colored cements, asphalts, tars, plastics, etc. Solvent for washing up and cleaning of tools will be provided for by the employer.

A bricklayer working with carbon or acid proofing materials shall be given a minimum of five (5) minutes wash-up prior to lunch time.

- B. All scaffolding inside of furnace shall be solid nailed scaffold. Contractors to furnish safety equipment and have same on job site.

Provisions for adequate scaffolding shall be made so that the lead man does not have to climb over the wall to work on the opposite side of the wall. Adequate scaffolding shall mean standard metal tubular scaffolding or wooden scaffolding consisting of a platform of not less than 2" x 10" planks in width, and scaffolding shall remain in place until all paving has been completed.

- C. Clay shall be mixed at the furthestmost location of the enclosure where refractory brick is being laid. The location to be selected as to both its physical separation from the work area and to its feasibility for performing the mixing function. In coke oven work a separate enclosure is required. All care shall be exercised to reduce dust.

D. When bricklayers are employed laying firebrick, the contractor shall pay for the sharpening of their tools required for the work, and all tools shall be sharpened to the satisfaction of the bricklayer. The contractor shall furnish all chisels over twelve (12) inches in length and all saws when required.

E. On all jobs where conditions are such that a safety man is required by the owner, he shall be mutually agreed upon by the parties. For the safety of the bricklayers, said safety man must be a union bricklayer.

F. All hot work shall be paid at the rate of double time. Fringe benefits shall be based on hours paid.

One hundred degree (100) Fahrenheit or over shall constitute hot work. When bricklayers are employed on excessive hot work, the contractor shall provide proper counter fatigue aids which shall meet the standards prescribed by the State Medical Board, shall provide proper gloves and protective materials to safeguard bricklayers when they are handling hot work, shall supply wooden shoes or facsimile when working on heated surfaces and contractors shall be responsible for tools, shoes, and clothes of bricklayers which they burn in performance of their duties on said work. Bricklayers must spell each other on all hot work.

Contractor will also be responsible for clothes, tools and/or shoes that are destroyed or damaged on jobs due to exception conditions and materials.

G. When electrical grinding stones or carborundums are used, bricklayers shall leave that part of the job until the operation is completed. In an enclosed area, suction device to be used to remove dust while bricklayers grind. The employer and union shall arrange to spell bricklayers at ten minute intervals when they are actually performing grinding work.

H. On stoves and furnaces, or anywhere else where danger of gas exists, approved gas detecting devices will be required.

I. On all firebrick or acid proofing jobs, the employer shall furnish all bricklayers with gloves.

J. All general working conditions which apply to the bricklayer shall also apply to all branches of the trade.

K. In addition, all other assignments mutually agreed upon between the Employer and the Union on any other building products or systems related to the scope and type of work covered by this Agreement which may be developed in the future that are determined by these parties to fall within the work jurisdiction of this Agreement.

L. In the event of territorial jurisdiction or work assignment dispute with any other BAC Local Union, the matter shall be referred to the International Union for binding resolution.

ARTICLE IV UNION RECOGNITION, UNION SECURITY, ACCESS

- A. The Employer hereby recognizes and acknowledges that the Union is the exclusive representative of all its employees in the classifications of work falling within the jurisdiction of the Union, as defined in Article III of this Agreement, and in the Constitution, Rules of Order and Codes of the International Union of Bricklayers and Allied Craftworkers, for the purpose of collective bargaining as provided for in the Labor Management Relations Act of 1947, as amended.
- B. No later than eight (8) days following the effective date of this Agreement, all present employees must, as a condition of continued employment, be or become members of the Union; all employees hired after the effective date of this Agreement shall be or become and remain members of the Union no later than eight (8) days following the first day of their employment in accordance with the provisions of Section 8 of the National Labor Relations Act, as amended. Failure of any employee to comply with the provisions of this subsection shall, upon request of the Union, result in termination of such employee, provided that the Union has given the employee four (4) days notice that his obligation to make payment has not been met and that his delinquency renders him liable to termination under this section. The Employer shall not be obligated to dismiss an employee for non-membership in the Union: (a) if he has reasonable grounds for believing that such membership was not available on the same terms and conditions generally applicable to other members; or (b) if he has reasonable grounds for believing that such membership was denied or terminated for reasons other than the failure of the employee to tender the periodic dues and initiation fees uniformly required as a condition of acquiring or retaining membership.
- C. International Union Representatives and the Business Manager and/or other officers of the Union shall have access to the Employer's jobsites at reasonable times in compliance with any special rules and regulations adopted by the owner to ensure that the provisions of this Agreement are observed, provided however, that such representatives shall not unduly interfere with the job progress.

ARTICLE V HIRING PREFERENCE

The employer agrees that when hiring any employee for any job in the territorial jurisdiction of the agreement he will employ a fair percentage in the territorial jurisdiction of Local No. 4 or Local No. 5 of New Jersey. The employer also agrees that when requesting manpower, they must call the Local Union Office by 4:30 p.m. of the previous day.

ARTICLE VI STEWARDS

- A. The Employer shall hire a steward for each branch of the trade appointed by the business manager of the Union on all jobs. The steward shall be a working employee and shall, when appropriate, be granted reasonable time to conduct union business. The steward shall not be laid off without reasonable cause, without first consulting the business manager.
- B. It is the steward's duty to look after the interest of both parties, see that the number of men desired by the employer is promptly reported to the business agent, take up all grievances on the job, and try to have the same adjusted. In the event that he cannot, he must report that fact to the business agent. He shall conduct himself in a proper manner at all times when on the projects and shall not be discriminated against, discharged, or laid off for the performance of his duties as such. The steward's employment can only be terminated by the employer after a review of complaint against him between the employer and the business agent.
- C. The first Bricklayers & Allied Craftworkers member shall notify the union at the start of each job.

ARTICLE VII APPRENTICES

- A. In order to train sufficient skilled mechanics for the industry, the necessity for employment of apprentices and/or apprentice improvers is recognized and encouraged by the parties to this Agreement. Apprentices shall be given a minimum of 32 hours per week to perform the work of brick or block provided the work is available. The employer agrees to employ one apprentice for every five journeymen employed on a job site. It is agreed that the Employer shall abide by the National Apprenticeship Standards, developed for masonry craft training, incorporated herein by reference.
- B. All apprentices will be required to attend and successfully complete a pre-job school which shall take place over a period of approximately 12 weeks at a place and at such times as designated by the State Joint Apprenticeship Committee.
- C. After 12 weeks of pre-job training, apprentices shall be required to serve a probationary period of 30 days of employment at the trade during which period no fringe benefit contributions will be required. After satisfactory completion of this period, credit will be given for this time served as part of the three year apprenticeship term. During the probationary period, the termination or cancellation of the apprenticeship agreement may be made by the committee at the request of either party to the agreement. After probationary period, the agreement may be canceled at the request of the apprentice or committee. The committee may cancel the agreement for good cause such as unexcused absences from the job and related training classes if required, lack of progress or interest, and unsafe practices

common to the trade. Due notice shall be given to the apprentice with a reasonable opportunity for corrective action. Written notice shall be given to the apprentice and Bureau of Apprenticeship and Training of the final action taken.

- D. Apprentices shall be paid not less than the following percentages of the journeyman's basic wage rate.

First six months or 500 hours:	50% of Journeyman's Basic Wage Rate
Second six months or 500 hours:	55% of Journeyman's Basic Wage Rate
Third six months or 500 hours:	65% of Journeyman's Basic Wage Rate
Fourth six months or 500 hours:	75% of Journeyman's Basic Wage Rate
Fifth six months or 500 hours:	85% of Journeyman's Basic Wage Rate
Sixth six months or 500 hours:	95% of Journeyman's Basic Wage Rate

During the first year of apprenticeship, after the probationary period, fringe benefit contributions shall be required for the Welfare Fund at 50%. No other fringe benefit contributions shall be required for this period. Deductions for check off dues and BAC PAC should be made according to Schedule "B" attached hereto. Commencing with the second year of apprenticeship (third six-months), fringe benefit contributions and check off deductions shall be made according to Schedule "B" attached hereto.

- E. Apprentices may be required to attend related training classes during period of apprenticeship as directed by the Joint Apprenticeship.

ARTICLE VIII FOREMEN

There shall be a separate foreman on all jobs for each branch of the trade. The employer will determine when the foreman shall not work with tools. Foremen shall be paid the prevailing regular weekly pay (40 hours), between the initial date of employment and the termination date of employment, holidays and inclement weather days included, provided, however, that all foremen must report to work everyday within the work week unless otherwise directed by the Employer. All overtime worked by foremen shall be compensated for at proper overtime rates.

ARTICLE IX TRAVELING CONTRACTORS

When the Employer has any work specified in Article III of this Agreement to be performed outside of the area covered by this Agreement and within the area covered by an agreement with another affiliate of the International Union of Bricklayers and Allied Craftworkers, the Employer agrees to abide by the full terms and conditions of the Agreement in effect in the jobsite area. Employees covered by this Agreement who are sent to projects outside of the area covered by this Agreement shall be paid at least the established minimum wage scale specified in Article X of this Agreement.

but in no case less than the established minimum wage scale of the local Agreement covering the territory in which such work is being performed plus all contributions specified in the jobsite local Agreement. The Employer shall in all other matters be governed by the provisions established in the jobsite local Agreement. If employees are sent to work on a project in an area where there is no local Agreement covering the work specified in Article III of this Agreement, the full terms and conditions of this Agreement shall apply.

ARTICLE X WAGES, BACPAC, AND LOCAL DUES CHECKOFF

- A. The hourly wage rates for all employees performing work covered under this Agreement shall be as listed on Schedule "B" attached hereto.
- B. The Union shall have the option of allocating a portion of all of the increases in wage rates for the periods beginning November 1, 1999 and all subsequent increases thereafter, among the various benefit funds specified in Article XI.
- C. The Employer shall deduct from the wages of each employee who has signed a check-off authorization conforming to federal law and transmit monthly to the Union (or to any agency designated by said Union for the collection of such money), the sum for each hour paid which the Union has specified, or specifies from time to time and so advises the Employer in writing, as the portion of each employee's Union dues to said Union, to its International Union, or to any other affiliate of the International Union, subject to check-off. The sums transmitted shall be accompanied by a statement, in a form specified by the Union, reporting the name of each person whose dues are being paid and the number of hours each employee has been paid. If the employee does not sign a dues check off authorization card, he shall report to the union hall to pay the weekly dues.
- D. The Employer agrees to deduct an amount from the pay of each employee, who is a union member and who executes a voluntary check-off authorization form for the Bricklayers and Allied Craftworkers Political Action Committee (BACPAC). Deductions shall be in the amount and at the intervals specified on the check-off authorization form. The Employer agrees to transmit BACPAC deductions to the Treasurer of BACPAC, and shall be accompanied by a list of the names of those employees for whom BACPAC deductions have been made and the amount deducted for each employee.

ARTICLE XI JOINTLY TRUSTEED FUNDS

Section 1.

In addition to the wages and other payments herein provided for, the Employer agrees to pay specified contributions to the following designated funds.

A. Bricklayers and Trowel Trades International Pension Fund

1. The contribution to the Bricklayers and Trowel Trades International Pension fund (IPF) shall be as listed on Schedule "B" attached hereto for each hour or portion thereof, for which a covered employee receives pay.
2. The payments required above shall be made to the Bricklayers and Trowel Trades International Pension Fund, which was established under an Agreement and Declaration of Trust, dated 1 July 1972.

B. Local Pension Fund

1. The contribution to the Local Pension Fund shall be as listed on Schedule "B" attached hereto for each hour or portion thereof, for which a covered employee receives pay.
2. The payments required above shall be made to the territorial Local Pension Fund which was established under an Agreement and Declaration of Trust. All Local Pension Funds remitted on behalf of an employee shall be forwarded in whole to the employee's Home Local Pension Fund. The Home Local Funds shall credit any excess monies remitted for the Pension Fund to the employee's Annuity Fund.

C. Local Annuity Fund

1. The contribution to the Local Annuity Fund shall be as listed on Schedule "B" attached hereto for each hour or portion thereof, for which a covered employee receives pay.
2. The payments required above shall be made to the territorial Local Annuity Fund which was established under an Agreement and Declaration of Trust. All Local Annuity Funds remitted on behalf of an employee shall be forwarded in whole to the employee's Home Local Annuity Fund. The Home Local Funds shall apply any excess monies remitted for the Annuity Fund to the employee's Pension Fund.

D. Bricklayers and Allied Craftworkers Statewide Welfare Fund

1. The contribution to the Bricklayers and Allied Craftworkers' Statewide Welfare Fund shall be as listed on Schedule "B" attached hereto for each hour or portion thereof, for which a covered employee receives pay.
2. The payments required above shall be made to the Bricklayers and Allied Craftworkers' Statewide Welfare Fund which was established under an Agreement and Declaration of Trust, dated May 1, 1988.

E. Industry Advancement Fund

The parties hereto do hereby establish an Industry Advancement Fund pursuant to the requirements of the Labor - Management Relations Act, the Internal Revenue Code and all

applicable laws and the agreement of the parties for the purpose, in all lawful ways, of promoting the increase of commercial, institutional, public and industrial building construction throughout the State of New Jersey and the adjoining areas within the territorial jurisdiction of the unions by providing building owners, architects, engineers, builders, contractors, private and public funding institutions and agencies, government agencies and any others, directly or indirectly, with the building construction industry information, data and other information to communicate the advantages of sound, durable and economical construction that will provide a high degree of service, utilization and benefit to the public by the utilization of union affiliated contractors. The purpose of the Fund shall be to foster and promote the continued utilization and expansion of union construction, particularly utilizing union members of the Bricklayers & Allied Craftworkers union, in prospective projects throughout the State of New Jersey.

In order to carry out this agreement, the parties hereto shall execute such agreements of trust and other documents necessary in accordance with law, which documents shall include the following terms which are agreed to and incorporated into this contract:

1. The Employer shall make the following contributions for each hour worked by each member of the Bricklayers & Allied Craftworkers union to the Industry Advancement Fund created hereby:

Effective November 1, 1999 through December 31, 1999:	\$.15 per hour
Effective January 1, 2000 through October 31, 2000:	\$.20 per hour
Effective November 1, 2000 through October 31, 2001:	\$.25 per hour

The parties shall meet to discuss additional increases to the IMI and IAP prior to November 1, 2001. Said increases shall not exceed \$.05.

2. The Bricklayers & Allied Craftworkers' Health & Welfare Fund Office shall collect and distribute such funds.
3. Effective January 1, 2000, the Building Contractors Association of New Jersey and the Masonry Contractors of New Jersey agree to allocate \$.01 of the Industry Advancement Fund contribution to the International Council of Employers of Bricklayers & Allied Craftworkers (I.C.E.) Said contribution shall be forward to I.C.E. by the Masonry Contractors of New Jersey. The remaining contribution shall be divided as follows:

BCANJ:	50%
Masonry Contractors of New Jersey:	50%

In such case as the parties opt to discontinue the \$.01 allocation to I.C.E., said \$.01 contribution shall be distributed equally between the BCANJ and the Masonry Contractors of New Jersey.

4. The BCANJ and the Masonry Contractors of New Jersey shall utilize said funds in a manner consistent with the terms of the trust including the lease or purchase of materials, supplies and equipment, the lease of premises or purchase of premises, the employment and retention of professional counsel, the engagement of administrative and other employees, and all other appropriate expenses and expenditures which comply with the purposes of the trust and law. However, in all circumstances, it is the intention hereto that the said Fund shall be used to promote the following industry wide activities for the benefit of the contractors utilizing members of the Bricklayers & Allied Craftworkers union including accident prevention, education, research, public relations, industry relations, labor relations, market development, standardization of contracts and specifications and all other such appropriate activities.
5. Although the Industry Advancement Fund is designated a "contribution" it is expressly understood and agreed that the said sum payable to said Industry Advancement Fund is not intended to be and is not a contribution to employees and no employee of Employer has any proprietary interest in said funds.
6. The Industry Advancement Fund shall pay the Bricklayers & Allied Craftworkers' Health and Welfare fund 2% of all amounts collected as reimbursement for expenses incurred in connection with the collection services rendered. In addition the Bricklayers & Allied Craftworkers' Health & Welfare Fund shall not be responsible for collection of any delinquent amounts owed by any employer.

F. International Masonry Institute (IMI)

1. The masonry industry in the United States and Canada has great and definable needs in the fields of apprenticeship and training, advertising and promotion, research and development, and labor/management relations which must be met if the industry is to grow and prosper. The parties to this agreement believe that the International Masonry Institute is the most effective and efficient instrument for meeting these needs because it offers the greatest possibility of integrating activities in these program areas in an effective manner and coordinating them through a single regional/international system.
2. In order to properly finance IMI programs, the ultimate objective is to provide, through collective bargaining, contributions from the total hourly wage and benefits package, as listed on Schedule "B" attached hereto.
3. With IMI funding from New Jersey, IMI will be able to provide advertising and promotion, research and development, apprenticeship and training, and labor/management relations programs directed specifically to this area. With these principles in mind, the parties agree to contribute the amounts listed on Schedule "B"

The payments required above shall be made to the International Masonry Institute, which was established under an Agreement and Declaration of Trust, 14 March 1981, as the successor trust to the predecessor International Masonry Institute (established under an Agreement and Declaration of Trust, 22 July 1970) and/or to the predecessor International Masonry Apprenticeship Trust (established under an Agreement and Declaration of Trust, 6 November 1974).

G. New Jersey State Apprentice Fund

1. The contribution to the New Jersey State Apprentice Fund shall be listed on Schedule "B" attached hereto for each hour or portion thereof, for which a covered employee receives pay.
2. The payments required above shall be made to established New Jersey State Fund office which was established under an Agreement and Declaration of Trust.

Section 2.

In order to facilitate the establishment of the same wage and fringe benefit structure within Local No. 5, it is agreed that no other funds other than the Welfare, Pension, International Pension, Annuity, Apprentice, IMI, IAP, Labor Management, BAC PAC and Defense Funds shall be contributed to as of November 1, 1999.

Section 3.

The Employer hereby agrees to be bound by and to the above stated Agreements and Declarations of Trust, as though he had actually signed the individual documents and further agrees to be bound by all actions taken by the Trustees of these funds pursuant to said Agreements and Declarations of Trust.

Section 4.

The Employer hereby irrevocably designates as its representative on the above stated Boards of Trustees such Trustees as are now serving, or who will in the future serve, as Employer Trustees, together with their successors.

Section 5.

For the purpose of this Article, each hour paid for, including hours attributable to show-up time, and all other hours for which pay is received by the employee in accordance with this Agreement, shall be counted as hours for which contributions are payable to each fund designated in Section 1 of this Article.

Section 6.

Contributions shall be paid on behalf of all covered employees starting with the employee's first day of employment in a job classification covered by this Agreement. This includes, but is not limited to, journeymen, apprentices, helpers, trainees and probationary employees.

Section 7.

All contributions shall be made at such time and in such a manner as the Trustees require; and the Trustees shall have the authority to have an Independent Certified Public Accountant audit the time books, payroll and wage records of the Employer for the purpose of determining the accuracy of contributions to the funds designated in Section 1 of this Article. Any Employer found, as a result of an audit ordered by the Trustees of one of the fringe benefit funds, to have been substantially inaccurate in reporting shall be charged in full costs of such audit.

Section 8.

If the Employer fails to make any contribution specified in this Article, within twenty (20) days after the date required by the Trustees, the Union shall take whatever steps are necessary, including the withdrawal of manpower, to secure compliance with this Agreement, any other provision hereof to the contrary notwithstanding, and the Employer shall be liable for all costs for collection of payments due together with attorney's fees and such liquidated damages as may be assessed by the Trustees. In the event a job is stopped due to delinquent fringe benefit payments by the employer, craftworkers shall be compensated a day's wages for each day the delinquency continues, not to exceed five days. The Employer's liability for payment under this article shall not be subject to or covered by any grievance or arbitration procedure or any "no strike" clause which may be provided for or set forth elsewhere in this Agreement.

Section 9.

Management's appointments to the aforementioned Jointly Trusteed Funds are to be made equally by the Building Contractors Association of New Jersey and the Masonry Contractors of New Jersey. The Building Contractors Association of New Jersey and the Masonry Contractors of New Jersey shall only have the right to the appointment of trustees if and when the existing Trust Funds of the predecessor local unions of the International Union of Bricklayers and Allied Craftworkers, Local Unions No. 4 and 5 are merged into statewide benefits funds. Neither the Building Contractors Association of New Jersey or the Masonry Contractors of New Jersey shall have the right or authority to appoint trustees to any trust fund of a predecessor local union unless and until a statewide merger of the Trust Funds occur, except if trustees are currently appointed by either the Building Contractors Association of New Jersey or the Masonry Contractors of New Jersey, that authority shall remain.

Section 10.

The Labor/Management Fund established under an Agreement and Declaration of Trust, shall be used to enhance the economic development and competitiveness of the unionized masonry industry, to assure the effective enforcement of prevailing wage laws and to provide for stable labor-management relations. The parties to this agreement shall appoint trustees to this fund in the same manner in which appointments are made to the Statewide Welfare Fund.

Section 11.

The parties agree to establish a Committee to explore the concept and funding mechanism for a Market Recovery Program.

ARTICLE XII HOURS WORK, OVERTIME, SHIFTS, AND HOLIDAYS

A. The standard work day shall consist of eight (8) hours of work with flexible starting and quitting times between the hours of 7:00 a.m. and 4:30 p.m. with a 30-minute unpaid lunch hour occurring in the middle of the shift. The standard work week shall consist of five standard work days commencing on Monday and ending on Friday, inclusive. The normal starting and quitting times may be changed by mutual consent of the Employer and the Union.

B. All time worked before and after the established eight (8) hour day, Monday through Friday, and all time worked on Saturday shall be paid at the rate of time and one-half. All hours worked on Sundays and holidays shall be paid at the double time rate. If a craftworker works through any portion of their lunch they shall be paid one hour.

If any of the following trades: Carpenters, Laborers, Ironworkers or Operating Engineers Locals, with whom the BCANJ negotiates, receive a more beneficial overtime rate, the Bricklayers will be paid the higher overtime rate.

C. A make-up day may be worked on Saturday providing it is mutually agreed to by the union and the employer and provided that the following conditions are satisfied:

1. A make-up day on Saturday can be utilized provided 24 or more hours are worked during the course of the calendar work week, Monday through Friday.
2. It is not mandatory for an employee to work on a make-up day and it is at their choice and discretion. No negative actions or retribution shall be taken by the employer against any employee who chooses not to work a make-up day.
3. The sole reason for the loss of hours during the calendar work week must be weather conditions to qualify for a make-up day.
4. Any time worked before the established starting time or after the established quitting time on a make-up day shall be paid at the applicable overtime rate. Any hours worked on a Saturday make-up day that exceed 40 hours shall be paid at the applicable overtime rate.
5. If employees are unable to work a make-up day, the local union shall be given the preference to supply the remainder of the employees needed for that day.
6. There shall be no addition to the previously established crew size for the make-up day.

BULLETIN

BCANJ

Any employer who violates the above provisions shall be prohibited from utilizing the make-up day for the duration of this Collective Bargaining Agreement. The employer has the right to file an appeal with the Joint Arbitration Board defined in Article XV of this Collective Bargaining Agreement. Said appeal shall be heard within five (5) days from the date filed. During the appeal process the employer shall be prohibited from utilizing the make-up day provision.

- D. The parties to this Agreement recognize the desirability and in some cases absolute necessity of coordinating the shifts to be worked with the other trades involved on the project and the customer's work schedule. If shift work is necessary and it is mutually agreed to by the union and the employer, the following schedule shall prevail:

When a two shift schedule (including a day shift) is established, the first or day shift shall be established on an eight (8) hour basis. The second shift shall be established on an eight (8) hour basis and paid the base rate plus 15%.

When a three shift schedule is established, and mutually agreed to by the Employer and the Union, the following conditions shall prevail. The day shift shall be established on an eight (8) hour basis, the second shift shall be established on a seven and one-half (7 ½) hour basis, and the third shift shall be established on a seven (7) hour basis. The first shift shall receive the base or regular hourly rate. The second shift shall receive the base hourly rate plus 15%. The third shift shall receive the base hourly rate plus 20%.

When there is no day shift and a second shift or third shift is established and mutually agreed to by the Employer and the Union, the following conditions shall prevail. The second shift shall be established on an eight (8) hour basis. The third shift shall be established on an eight (8) hour basis. The second shift shall receive the base hourly rate plus 15%. The third shift shall receive the base hourly rate plus 20%.

The percentage premium, when added to the base rate, shall be termed the regular hourly rate. Shift hours for the second and third shifts shall be such as to conform to the day shift and in no case shall an employee work on more than one shift within a 24 hour period. When an irregular shift must be established, the percentage premium shall be 15% above the base rate.

All time worked before and after a regularly established shift shall be paid at the applicable overtime rate. When a portion of a regular established shift works into Saturday, Sunday or a Holiday, that time worked shall be paid at the established shift rate.

- E. The Employer agrees to recognize the following holidays: New Year's Day, President's Day, Memorial Day, Fourth of July, Labor Day, Presidential Election Day, Veterans' Day, Thanksgiving Day, and Christmas Day. Holidays falling on a Sunday shall be observed the following Monday. The above holidays are subject to renegotiation based upon agreements established with other trades.

ARTICLE XIII PAYMENT OF WAGES & FRINGE BENEFITS

All employees working under this Agreement shall be paid in cash or by check weekly on Thursday, or another day if mutually agreed between the business agent and the employer, before quitting time and within 72 hours after the closing of the pay for the week. When employees are unable to work on pay day due to inclement weather, the employee shall be paid before 12 noon in absence of reasonable cause for delay. An employee being laid off shall be given his final paycheck in full for all hours of employment one hour before layoff. When working overtime, the one hour notice of layoff does not apply. In the event an employer issues a paycheck and there are insufficient funds in the employer's account, the employer, on the next working day, will bring either cash or cashiers checks to the jobsite to cover the paychecks and all penalties. Failure to do so will result in immediate withdrawal of all craftworkers from the job. Employees will be compensated by the employer for all lost time until the matter is resolved. If a second violation occurs, all payrolls shall be in either the form of cash or cashiers checks. Fringe benefits will be paid on a weekly basis, except that Association Members may pay monthly. Monthly payments shall be due to the fund(s) on or before the fifteenth day of the month immediately following the month during which the contributions were earned. Should an Association Member become delinquent, they may be required by the trustees of the benefits funds to remit weekly payments.

ARTICLE XIV WORKING CONDITIONS

- A. Overhead Protection: If any work is being performed overhead, all Employees must be protected on all outside scaffolds by two inch (2") planks, a covering shall be supplied over all stairwells, hatches, shafts, etc., no more than two (2) stories overhead and two (2) stories below in shafts.

- CC. All scaffolds will be kept at least four (4) inches below the wall.
- DD. If an employee works past the full hour and must stop because of inclement weather conditions, he shall be paid for the full hour, but is not to leave the job until expiration of said hour. No employee shall start work on the half hour.
- EE. If an employee reports to work and is not started but requested to stay on the job by the contractor, the employee shall be paid for all time prior to starting or until informed that no work shall be performed.
- FF. In the event that due to failure or breakdown of machinery or equipment a work stoppage occurs between starting time and 12 noon, men shall be paid until noon. Employees must, however, remain on the job until noon. In the event that due to failure or breakdown of machinery or equipment a work stoppage occurs between 12:30 p.m. and 3:30 or 4:30 p.m., employees shall be paid until 3:30 or 4:30 p.m. Employees must remain on the job until 3:30 or 4:30 p.m.
- GG. When a job does not start at the regular starting time, it will be the duty of the Foreman to notify the Shop Steward, personally, two hours after the designated start regarding the work conditions. Nothing herein contained shall be construed to deny the saw men, lay-out men and steward regularly employed on the job from working at anytime at their respective job assignments if they are needed.

ARTICLE XV GRIEVANCE PROCEDURE

- A. The parties to this Agreement shall establish a Joint Arbitration Board consisting of two representatives of the Building Contractors Association of New Jersey, two representatives of the Mason Contractors of New Jersey and four representatives selected by the Local Union, to resolve disputes over the interpretation and application of this Agreement. The boards shall meet at least once a month, or on call, to settle complaints, abuses or grievances. It is further agreed that should occasion require any alterations or amendments to this Agreement, the party desiring such alterations or amendments shall submit same in writing to the Board. The Employer and union representatives at a session shall have an equal number of votes on all matters coming before the Joint Arbitration Board, regardless of the number of Employer or Union representatives present at a session.

- B. It is specifically agreed that any controversy arising out of this Agreement involving the

interpretation of its terms and conditions, shall be settled in accordance with the grievance procedure set forth in this Article. No grievance shall be recognized unless it is called to the attention of the Employer by the union or to the attention of the Union by the Employer within five (5) days after the alleged violation is committed or discovered.

C. Grievances shall be handled in the following manner:

1. The grievance shall be referred to the jobsite union steward and to an employer representative for adjustment.
2. If the grievance cannot be settled pursuant to paragraph 1 of this Section, the grievance shall be referred on the following day to the Business Manager of the Union and the Employer.
3. If the grievance cannot be settled pursuant to paragraph 2 of this Section within three (3) working days excluding weekends and holidays, the grievance shall be submitted within 48 hours to the Joint Arbitration Board for consideration and settlement.
4. If the Joint Arbitration Board cannot reach a satisfactory settlement within five (5) working day, not including weekends and holidays, following a referral of the grievance to the Board, it shall immediately select an impartial arbitrator to review with the Board all evidence submitted relating to the dispute and then cast the deciding vote. If the Arbitration Board cannot agree on an impartial arbitrator, then the matter shall be submitted to the American Arbitration Association for a decision. All expenses of the Impartial party shall be borne equally by the Employer and the Union. The decision reached by the Joint Arbitration Board with the assistance of the impartial arbitrator shall be final and binding upon all parties.

D. When a settlement has been reached at any step of this Grievance Procedure, such a settlement shall be final and binding on all parties, provided, however, that in order to encourage the resolution of disputes and grievances at Steps 1 and 2 of Section C of this Article, the parties agree that such settlements shall not be precedent-setting.

E. The time limits specified in any step of the Grievance Procedure may be extended by mutual agreement of the parties initiated by the written request of one party to the other, at the appropriate step of the Grievance Procedure. However, failure to process a grievance, or failure to respond within the time limits provided above, without a written request for an extension of time, shall be deemed a waiver of such grievance without prejudice and shall create no precedent in the processing of and/or resolution of like or similar grievances or disputes.

 2. Determined by a Joint Board consisting of four representatives from the Local Unions, two representatives from the Building Contractors Association of New Jersey and two representatives from the Mason Contractors of New Jersey.
 3. As established by practice of Employers within the area designated herein whenever (1) or (2) above are not applicable;
 4. It is the intent of the parties that wherever a job decision shall be deemed to be strongly indicative of the area practice, the Bricklayers & Allied Craftworkers Local Unions will advise all personnel affected to make future assignments accordingly.
 5. It is further the intent of the parties hereto that wherever possible, and whenever the contractor can reasonably foresee a jurisdictional dispute, the contractor will call a pre-job conference with the Local concerned and the contractors agree that when no agreement is reached, at the request of the Union, the contractor will join in the submission of the matter to the Joint Board. In the meantime, the work shall proceed by the craft in possession of the work.
- B. The Employer and the Unions agree to be governed by the terms and conditions of the Agreement, effective May 1, 1995, as amended, creating the Joint Board for the settlement of any jurisdictional dispute; and the decisions of the Joint Board will be followed in good faith.

ARTICLE XVI SUBCONTRACTING

- A. The Employer agrees not to sublet, assign or transfer any work covered by this Agreement to be performed at the site of a construction project to any person, firm or corporation, except where the subcontractor subscribes and agrees in writing to be bound by the full terms of this Agreement and complies with all of the terms and conditions of this Agreement.
- B. All charges of violation of this Article shall be considered as a dispute and shall be processed in accordance with the provisions of this Agreement covering the procedures for the handling of disputes and the final and binding arbitration of disputes.

**ARTICLE XVII
PRESERVATION OF WORK (Anti-Double Breasting)**

- A. In order to protect and preserve, for the employees covered by this Agreement, all work heretofore performed by them and in order to prevent any device or subterfuge to avoid the protection and preservation of such work, it is hereby agreed as follows: If and when the Employer shall perform any work of the type covered by this Agreement at the site of a construction project, under its own name or under the name of another, as a corporation, company, partnership, or any other business entity, including a joint venture, wherein the Employer (including its officers, directors, owners, partners or stockholders) exercises either directly or indirectly (such as through family members) any significant degree of ownership, management or control, the terms and conditions of this Agreement shall be applicable to all such work.
- B. All charges of violations of Section A of this Article shall be considered as a dispute under this Agreement and shall be processed in accordance with the procedures for the handling of grievances and the final binding resolution of disputes, as provided in Article XV of this Agreement. As a remedy for violations of this Section, the arbitrator (or arbitration body) provided for in Article XV is empowered, at the request of the Union, to require an Employer to (1) pay to affected employees covered by this Agreement, including registered applicants for employment, the equivalent of wages lost by such employees as result of the violations, and (2) pay into the affected joint trust funds established under this Agreement any delinquent contributions to such funds which have resulted from the violations, including such interest as may be prescribed by the trustees or by law. Provision for this remedy herein does not make such remedy the exclusive remedy available to the Union for violation of this Section; nor does it make the same or other remedies unavailable to the Union for violations of other sections or articles of this Agreement.
- C. If, as a result of violation of this Article, it is necessary for the Union and/or the trustees of the joint trust funds to institute court action to enforce an award rendered in accordance with Section B above, or to defend an action which seeks to vacate such award, the Employer shall pay any accountants' and attorneys' fees incurred by the Union and/or the fund trustees, plus costs of the litigation, which have resulted from the bringing of such court action.

**ARTICLE XVIII
NO-STRIKE/NO-LOCKOUT**

It is understood and mutually agreed that there shall be no strikes or lockouts over a dispute concerning this Agreement during its term until the grievance procedures described in Article XIV have been exhausted and then only in the event a party fails or refuses to abide by a final decision. This Article shall not apply in those cases where an Employer fails or refuses to make in whole or in part any payments required under this Agreement including all wages, local union fringe benefits or other contributions that have been established through bona fide collective bargaining.

ARTICLE XIX SEPARABILITY AND SAVINGS PROVISION

It is the intent of the parties hereto to abide by all applicable Federal and State statutes and rules and regulations made pursuant thereto. If any provision of this Agreement is held invalid by any court or governmental agency having jurisdiction, or if compliance with or enforcement of any provision of this Agreement is restrained by such tribunal pending a final determination as to its validity, then such provision or provisions shall continue in effect only to the extent permitted and all other provisions of this Agreement shall remain in force and effect.

In the event that any provision of this Agreement is held invalid, or enforcement of or compliance with any provision is restrained, the Union and the Employer shall enter into immediate collective bargaining negotiations for the purpose of arriving at a mutually satisfactory replacement, incorporating the substance of such provision to the extent allowable under the law, to be in effect during the period of invalidity or restraint.

ARTICLE XX MORE FAVORABLE CONDITIONS

The Union hereby agrees that if it affords any conditions of a more favorable means to any other employer with whom it has a collective bargaining agreement who performs the same or similar work, that said more favorable condition shall automatically be incorporated in this Agreement and be afforded all members of the Association covered hereunder.

ARTICLE XXI GENERAL UNDERSTANDING

The Union agrees to cooperate with the Employer in meeting conditions peculiar to the job in which it may be engaged. It will at all times meet and confer with the Employer, and similarly, the Employer will at all times meet with the Union respecting any questions or misunderstandings that may arise under the performance of this Agreement.

This Agreement constitutes the entire agreement between the parties, and any local or area practices or working rules which may be in conflict with the provisions contained in this Agreement shall be subordinated to this Agreement.

The Employer agrees that if it has not previously done so, it will, upon the Union's submission of evidence of majority status among its employees in the bargaining unit described herein, voluntarily recognize the Union as the exclusive representative as defined in Section 9(a) of the National Labor Relations Act, as amended, of all employees within that bargaining unit on all present and future jobsites within the jurisdiction of the Union. The Employer expressly agrees that it will not condition its recognition upon the results of an election conducted under the rules and regulations of the National Labor Relations Board.

MEMORANDUM OF UNDERSTANDING

It is hereby agreed by and between the Building Contractors Association of New Jersey, Masonry Contractors of New Jersey and all affiliated local associations and the International Union of Bricklayers and Allied Craftworkers Locals No. 4 & 5 that the local union's collective bargaining agreement between said parties, which expires on October 31, 1999, shall hereby continue in full force and effect except as modified herein:

I. THREE-YEAR AGREEMENT

- A. There shall be a total wage/fringe package increase of \$1.15 effective November 1, 1999. In addition, there shall be a \$.05 per hour increase to the IMI.
- B. There shall be a \$.05 per hour increase to the IAP effective January 1, 2000.
- C. There shall be a total wage/fringe package increase of \$1.20 effective November 1, 2000. In addition, there shall be a \$.05 per hour increase to the IAP.
- D. There shall be a total wage/fringe package increase of \$1.20 effective November 1, 2001. In addition, the parties shall meet to discuss additional increases to the IMI and IAP prior to November 1, 2001. Said increases shall not exceed \$.05.
- E. The Agreement shall expire on October 31, 2002.

II. FRINGE BENEFITS

- A. It is agreed that fringe benefit contributions between Locals No. 4 & 5 shall be fully reciprocal. Language will be developed and mutually agreed to by both Management and Labor regarding the provisions for Reciprocity of Fringe Benefits.
- B. In order to facilitate the establishment of the same wage and fringe benefit structure within Local No. 5, it is agreed that no other funds other than the Welfare, Pension, International Pension, Annuity, Apprentice, IMI, IAP, Labor Management, BAC PAC and Defense Funds shall be contributed to as of November 1, 1999.
- C. The parties agree to establish a Committee to explore the concept and funding mechanism for a Market Recovery Program.

**Memorandum of Understanding
Bricklayers & Allied Craftworkers, Local Unions No. 4 & 5**

III. WORK JURISDICTION

- A. The parties acknowledge the Union's claim to Brick Paving Work. Accordingly, the contract shall be revised to acknowledge the Union's claim of screeding of sub base, regardless of type of material used, shall be the work of the Bricklayers & Allied Craftworkers, Locals Unions No. 4 & 5.
- B. Any signatory contractor who subcontracts sidewalks and curbs shall, in good faith, inform the subcontractor that said work is within the jurisdiction of the Bricklayers & Allied Craftworkers, Local Unions No. 4 & 5.

IV. SAFETY

- A. It is agreed that in order to protect the health and safety of employees the dry cutting of masonry units by means of hand-held, gas powered or electrical, portable "chop saws" and skill saws, and the dry grinding of masonry materials shall be done in a designated area away from craftworkers if at all possible. It is the responsibility of the employee to adhere to the established restrictions for said designated areas. Dry cutting shall be permissible provided applicable water attachments are used. In all cases, employees shall be provided with proper respirators as part of a complete respiratory protection program which shall include proper selection, fit testing and air monitoring, and eye protection in accordance with OSHA standards. It is the employee's responsibility to utilize proper protection.

V. APPRENTICES

- A. Apprentices shall be given a minimum of 32 hours per week to perform the work of brick or block provided the work is available.
- B. The employer agrees to employ one apprentice for every five journeymen employed on a job site.

VI. OVERTIME

- A. It shall be clarified in the contract that if craftworkers work through any portion of their lunch they shall be paid one hour.

**Memorandum of Understanding
Bricklayers & Allied Craftworkers, Local Unions No. 4 & 5**

VII. WORKING CONDITIONS

- A. If an employee reports to work and is not started but requested to stay on the job by the contractor, the employee shall be paid for all time prior to starting or until informed that no work shall be performed.
- B. The contract shall be clarified to read that in the event of failure or breakdown of equipment or machinery a work stoppage occurs between the starting time and 12 Noon, craftworkers shall be paid until 12 Noon.

VIII. PAYMENT OF WAGES

- A. In the event an employer issues a paycheck and there are insufficient funds in the employer's account, the employer, on the next working day, will bring either cash or cashiers checks to the jobsite to cover the paychecks and all penalties. Failure to do so will result in immediate withdrawal of all craftworkers from the job. Employees will be compensated by the employer for all lost time until the matter is resolved. If a second violation occurs, all payrolls shall be in either the form of cash or cashiers checks.

IX. FRINGE BENEFIT FUNDS DELINQUENCIES

- A. In the event a job is stopped due to delinquent fringe benefit payments by the employer, craftworkers shall be compensated a day's wages for each day the delinquency continues, not to exceed five days.
